**Common Sense Coalition Announces Dane County Board 2006 Endorsements**  
***CSC endorses three diverse candidates in April election***

(MADISON) – The Common Sense Coalition is proud to announce the endorsement of three Dane County Board candidates who we believe share our values, and our vision for Dane county's future. We are excited about these consensus building candidates, and confident that their professional, civic, and life experiences will result in solid public policy rather than political agendas.

**Richard Brown (D)** – District 15

Richard is the incumbent representing south-west Madison and is the chairman of the county's Personal and Finance Committee. Richard is known for bringing people together on difficult issues and has helped lead the Dane County board through two tough budgets.

**Shelia Stubbs** – District 23

Shelia is an active community leader in the south Madison district where she resides. A former president of the Bridge/Lake Point Neighborhood Association, CSC believes Shelia will bring great passion and commitment to her constituents in the 23<sup>rd</sup> district.

**Dale Suslick** – District 24

Dale is a small business owner and Monona City Council alder. CSC believes that Dale possesses the right combination of leadership, experience, and common sense to be an effective County Board Supervisor and will represent his district well.

The Common Sense Coalition is a non-partisan, diverse, public policy group comprised of individuals, community leaders, small business owners and 17 organized labor unions representing building and construction trades, police officers, and fire fighters. The group has organized around taking common sense approaches to governing, economic development and providing “jobs, justice and a brighter future.”
